Membership News

President's Message

There is not much to report in this issue.

Guenter Mair is working diligently on his revised edition of the Air Etiquette catalogue for which we are all anxiously awaiting. I know that work is continuing on the Registry and Express label compilations. I hope to have more to report soon.

Membership is holding steady, increasing by several new

members this year.

We have not had a membership meeting in a long time. Is there any interest in doing so at the New York International in May 2016? Please let me know by email if you are. If we have enough interest I'll talk to the committee.

I welcome any and all comments and suggestions.

Miscellaneous

Dave Nickson: my favourite cover

"My favourite Cover was mailed from Thursday Island, Queensland, Australia to Calgary, Alberta, Canada. Actually it is not a cover but a wrapper used to enclose several postcards. Furthermore it is a Registered Wrapper probably mailed from a ship calling at Thursday Island and prepaid for the Printed Matter Rate - 4d. Postcards were

accepted as Printed Matter provided they did not carry a written message.

Thursday Island is located in part of Northern Queensland off the Cape York peninsular in the Torres Strait. In the days when mail travelled by steamer the island served as a drop off and collection point for the mail ships. Very few ships travelled directly from Australia to North America and hence Canadian mail was generally routed through Singapore.

The wrapper was mailed

on 2 May 1911 and bears a 4d. Queensland Queen Victoria stamp paying the British Empire registered printed matter rate (up to 4 oz) - 1d. postage + 3d. registration fee. It is an early usage of the Printed Matter Rate which was reduced to 1d. on 1 May 1911. It also bears the somewhat scarce Queensland Type Q1 Registration Label, introduced in 1908 with the Thursday Island office of origin. The wrapper was routed through Singapore and bears a Singapore transit marking on the back dated 27 Mat 1911. The Calgary arrival marking was applied in July though the actual date is missing."

Please, let members enjoy your favourite label and/or cover too.

WANTED

Registration labels, single, lots, collections. Will buy or trade labels and/or air mail etiquettes.

Milt Keiles, 18 Wellington Place, Monroe Township, NJ, USA mkeiles@comcast.net

offer from Burt Robbins

I found a "new" variety of the USA-C-326 air mail label made by Avery ©1977. The backing paper has "Avery" and their logo printed in black on the backing paper. Guenter has not seen these, so I guess there are not too many around. I will offer the members a pair of these for a stamped, self addresses envelope sent to me. The address is: Burt Robbins, 21 Pheasant Way West, Centerville, MA 02632, USA..

info from Burt Robbins

If anyone cares, among all the new July 2013 Priority, Priority Express and tracking labels, there is also a new PS Form 2976, Customs Declaration form, also dated July 2013. Other than the addition of another paragraph on the front, and the form is now 3 pages instead of 4, they look about the same, except the place for the mailing office date stamp on the last page has moved to the green shipping label, from the right end of the customer receipt.

varia from Darus

Bhutan covers actually used, are hard to find, much less with a registration or air mail label on them

this is IRL-C-4, very rare on cover; Darus: the only time I have seen this label

Luxembourg express label; it says 'fee is paid'. It seems to be a private label. ref. 'URBAN & CO. FRANKFURT A/M'

QUESTIONS

two German labels, text: tube post and express

The text "POTRUBNI POSTOU" on the label means 'pneumatic post'. And indeed, Prague was one of the cities with an elaborate system of undergound tubes for very fast transporting mail within the city itself. (And, according Wikipedia, "The Prague pneumatic post is the world's last preserved municipal pneumatic post system".) One can find a lot of information about pneumatic post (on the Internet for instance), about the technique and about postal regulations regarding rates, special stationary and stamps. But not about the use of labels like the ones showed here.

Therefore the question: who knows more about labels in relation to pneumatic post? The system was in use in a lot of cities: in Europe in Berlin, Munich, Hamburg, Vienna, Prague, Rome, Napels, Milane, Marseille; In the US in New York City, Boston, Philadelphia, Chicago, St. Louis, and also in Rio de Janeiro, Buenos Aires, Melbourne. In most cases the system as used for more than a century.

There is of course a wild variety of postal labels, far more than the four main categories which are being cataloged within PLSG.

Darus shows to us a German label stating: "Retour. Content is prohibited according number......of the list of prohibited objects".

It seems likely that most countries have a similar regulation and therefore a kind of postal indication. In the USA a marking is used like this one (and unfortunately for us no label):

Supposed to contain matter prohibited importation See Sec. 2233 P. L. A. L.

Who has this kind of labels? Please show them to us.

From Milt Keiles:
An old Austrian
cover with an
unknown label.
"abgefertigt"
means 'processed/
handled'. It could be
a label used by the

addressee in processing his mail, for instance in a office. But because of the marking on the label, it could also be a postal label.

Who knows?

This is a cover from The Delaware, Lackawanna, and Western Railroad company. The sender is the Superintendent - Buffalo, NY. The label seems to be a kind of private registration label, issued by the railroad company. Does anyone more about it?
Unfortunately, there is no cancellation date.

This is a postcard from Hungary. I think it is cancelled in 1933. The adressee is someone in the city of Wiesbaden, Germany.

Does anyone know more about the meaning of the green label?

Again, if you wish to view a lot or lots, request via e-mail, the lot numbers to me. I will return your e-mail with attachments of these lots (up to 10 lots per e-mail, IF my server will permit that size). Booklets will not be opened for scans. And backs of lots will not be scanned. Scans may not show accurate size and color. If you like this service, please let me know. My e-mail is in the masthead of the Bulletin.
